

Give the Gift of Creative and Fun STEAM Learning with KIBO!

Children at The Goddard School® code with KIBO during the day, and now yours can at home!

KIBO is a **robot kit** where **children build, program, decorate and bring their own robot to life** without requiring any screen time!

Order our Special KIBO 10 now for \$199!

Designed for open-ended play, KIBO lets kids make their robot almost anything – a character from a story, a dancer, a helicopter, a race car – anything they can think of!

In addition, there are other kits available as well as extension sets to enhance KIBO and the fun! See our webstore for more options.
